ABOUT ME

Full-stack developer with three years of freelance work delivering stable web applications, mobile solutions, and automation workflows. Proficient in React, Next.js, and Python automation, with a focus on turning business requirements into practical, efficient products.

EXPERIENCE

Freelance Web & App Developer — 2023– Present | New Delhi

Freelancing

Developed a wide range of web platforms using modern tech, supporting ongoing client needs and managing every step from planning to deployment. Also introduced new features, improved performance, and ensured each project stayed scalable and easy to maintain.

PROJECTS

WebKarigar (SaaS Platform) — Built a scalable SaaS platform with custom backend features and integrated payments
webkarigar.vercel.app

Influencer Collaboration Platform — Architected a tool that simplifies and accelerates brand–influencer partnerships
gopgop.vercel.app

Wall of Gardens — Produced a lead-driven site with a simple, inviting layout
wallofgardens.com

Premium App Downloader (Mobile App) — Developed a neat, easy-to-browse React Native app for curated downloads
tinyurl.com/kcx9utwk
